ROOSEVELT ASSAILS GOVERNMENT WASTE

Says Duplication of Work Cost the
United States \$360,000,000
During Last Year

Rochester, Sept. 22. — Duplication
of work by different governmental
departments cost the United States
\$360,000,000 during 1919, Franklin D.
Roosevelt declared here tonight in a
speech in which he assailed the Re-
publican congress for failure to act
favorably on legislation proposed by
the administration.

"People declare the time has come
for a change in our national govern-
ment," he said. "I heartily agree with
them. The change in question, which
is more vitally needed than anything
else for the good of this country, is
a change in the personnel and con-
trol of the congress."

"Give us a new congress, and there
will be change enough to suit every-
body."

Mr. Roosevelt said the waste caused
through division of responsibility
and duplication was "outrageous."

"In the matter of the navy, for in-
stance," he said, "few people think
about the fact that there are actually
four navies. There is the navy under
the department of the navy, the navy
under the department of the navy, the
navy under the department of the navy,
and the navy under the department of
the navy."

POLICEMAN PICKS UP PACKET OF DYNAMITE

Reports Differ as to Whether Ex-
plosive Had Lighted Fuse When
Found in Elevated Station

New York, Sept. 22.—After a week
had passed without investigators being
able to solve the mystery of the
Wall Street explosion, they were pre-
sented today with another mystery—
who placed a package of dynamite in
the field avenue elevated station in
Brooklyn this morning?

The package was found by a police-
man doing strike duty. He soaked it
in a bucket of water. Later it was
taken to a laboratory in Manhattan
for analysis.

Accounts differ as to whether a
"plumting" fuse was attached to the
dynamite. Some officials reported
that Patagonian Santelli, who found
it, stamped out a fuse. At the labora-
tories where the package was taken,
it was said there had been found two
pipe cleaners impregnated with nit-
rate. These pipe cleaners, it was
said, could have served as fuses, but
it had not been established whether
either had been lighted. Authorities
seemed to agree that no percussion
caps had been found.

Meanwhile, detectives investigating
the Wall Street explosion reported
that through the health department
they had been able to identify the
near the horse attached to the deat-
car, which is believed to have been
the center of the blast.

"This tag, it was learned, had been
issued in 1918 to the Reid Ice Cream
company of Brooklyn, to certify that
one of its horses was not afflicted with
glanders, but since then the horse had
been sold three times. The name of
the latest owner, if known, was not
made public.

Meanwhile, in addition to the
discovery of the bomb on the
station, New York and vicinity
were subjected to more bomb scares today.

up at 2 p. m. caused detectives to rush

LANDLORDS AND TENANTS CLASH

Widely Different Views on Housing
Legislation Brought Out at
Legislature's Hearing

Albany, Sept. 22. — Speaker
Thaddeus C. Sweet, in urging all
members of the assembly to be
in their seats tomorrow, announc-
ed today that every effort would
be made to conclude the extra-
ordinary session of the legislature
tomorrow night.

The assembly will meet tomor-
row at 10 a. m., an hour earlier
than usual, and a night session
probably will be held.

Albany, Sept. 22.—Claims that legis-
lation designed to solve the housing
situation in the state, which has been
presented to the legislature in extra-
ordinary session, did not go far enough
in some instances, and counter-claims
that the proposed measures went too
far, were made at the hearing on all
housing legislation before the joint
citizens' committee of the legislature
today.

The hearing was attended by hun-
dreds of tenants and landlords and
was marked by clashes between them
in which municipal court judges were
attacked. The storm centered over
the bill designed to bring about the
virtual repeal of summary dispossession
proceedings for failure of a tenant to
pay increased rent, a measure which
is intended to prevent wholesale evic-
tions on October 1.

WOULD PUT LEGISLATURE ON RECORD FOR M'SWINEY

Albany, Sept. 22. — Minority
Leader James J. Walker offered a
resolution in the senate tonight de-
signed to place the legislature on
record to petition Premier Lloyd
George for the release of Lord
Mayor MacSwiney, the British
prison hunger striker. No vote was
taken on the resolution, but a test
of strength came when Senator
Walker and supporters of his resolu-
tion opposed Majority Leader
Walters' motion to adjourn. Ad-
journment was carried by a vote of
24 to 20.

Senator Stage of Albany was the
only speaker in opposition to the
resolution, while Senator Boylan
of New York joined with the mi-
nority leader in urging its adop-
tion.

EVICT OR NOT EVICT?

Storm Centers Over Bill Designed
to Bring About Repeal of Dis-
possession Proceedings

Albany, Sept. 22. — Speaker
Thaddeus C. Sweet, in urging all
members of the assembly to be
in their seats tomorrow, announc-
ed today that every effort would
be made to conclude the extra-
ordinary session of the legislature
tomorrow night.

The assembly will meet tomor-
row at 10 a. m., an hour earlier
than usual, and a night session
probably will be held.

Albany, Sept. 22.—Claims that legis-
lation designed to solve the housing
situation in the state, which has been
presented to the legislature in extra-
ordinary session, did not go far enough
in some instances, and counter-claims
that the proposed measures went too
far, were made at the hearing on all
housing legislation before the joint
citizens' committee of the legislature
today.

The hearing was attended by hun-
dreds of tenants and landlords and
was marked by clashes between them
in which municipal court judges were
attacked. The storm centered over
the bill designed to bring about the
virtual repeal of summary dispossession
proceedings for failure of a tenant to
pay increased rent, a measure which
is intended to prevent wholesale evic-
tions on October 1.

This bill, amended since its intro-
duction by the joint housing commit-
tee, was characterized by Senator J.
Henry Walters, majority leader, as one
of the most drastic ever drawn. It is
intended to do away with summary
dispossession proceedings, except that
the landlord can take the property
from a tenant for his own occupancy,
for disorderly conduct, willful destruc-
tion of property, or when the owner
desires to demolish a structure for the
purpose of erecting a new building.

Tenants Would Have Rights.
The tenant, under the terms of the
bill, would have virtual possession of
the property in all other cases. The
landlord would be given the right to
begin civil court action to recover
property and municipal court judges
are given power to cause a tenant to
make deposits in court as a guaran-
tee that he will pay the rent while the
proceeding is pending. A jury would
then decide what rental the tenant
should pay. The tenants fought the
proposal to allow municipal court
judges to fix the amount of the de-
posit they should make.

This feature of the bill brought
from Mary Coleman, New York law-
yer, the remark that she had "a lot
of respect for the courts, but during
the past few months had lost a lot
of that respect for the municipal court
judges."

Suggestions by the tenants that the
legislature should decide the amount
of deposit were received by the com-
mittee.

Benjamin L. Fairchild of Westches-
ter, who asserted he was a landlord
approved the legislation, declaring
the summary dispossession proceedings
had been greatly abused and the pro-
posed measure would eliminate the
abuse.

Banks Fight New Surtax.
Legislation designed to impose a
surtax on funds of saving banks, trust
companies and insurance companies
now invested in mortgages, was
fought by representatives of the sav-
ings banks of the state and by Super-
intendent of Insurance Jesse Phillips.

Amendments to the measure, de-
signed to exempt interest on mort-
gages from the provisions of the state
income tax law, were opposed on the
ground that the bill reached much
farther than anticipated. Mayor Wil-
liam Waller of Tonawanda, representing
the State Conference of Mayors, said
the benefit to be derived by such legis-
lation would be outweighed by the
chaotic condition of the state tax law
the measure would create.

Protests were also heard against
the bill designed to exempt new
buildings for dwelling purposes from
all local taxation conditions for a
period of years, provided the buildings
had been started April 1 or before
October 1. It was argued that the
provision as to when construction
must be started should be eliminated.

The hearing lacked the excitement
that marked the housing hearing of
last spring.

The plan to have the housing pro-
gram acted on by the senate tonight
could not be carried out as the party
leaders decided that so many sug-
gestions for amendments to the pend-
ing bills had been offered at the hear-
ing as to necessitate changes in most
of the measures.

HOOPER CITES PROCEEDS OF POSTAL SAVINGS BANKS AND DENOUNCES LOW INTEREST PAID

Hoover Cites Proceeds of Postal
Savings Banks and Denounces
Low Interest Paid

New York, Sept. 22.—Herbert Hoover,
who testified here today before the
senate committee on reconstruction,
declared he believed the aggregate of
national savings would be stimulated
if the government "stopped profiteering"
and paid "something like an ade-
quate rate of interest" to depositors.

Reports showed, he said, that profits
obtained by the government in 1918,
chiefly from redeposit of postal sav-
ings bank funds in banks at two and
one-half per cent interest, were \$1,
153,000, while he added, examination
of any annual postal savings bank re-
port would show that depositors do not
receive much more than one per cent
interest.

Reveals Government's "Profiteering."
"If a complete balance sheet were
made from the beginning," he said,
"the returns of the government as in-
dicated by the profits during 1918 on
postal savings bank deposits probably
would represent at least one hundred
per cent profits per annum on any
capital invested by the government in
supporting the scheme in its early
stages, or any capital extension that
has been necessary in the post office
department. Such an operation in
private banks would be signified by
the term 'profiteering' and a public
demand would require investigation by
the attorney general. The depositors
are the poorest and least wise of the
community and deserve special care."

Mr. Hoover declared that it "would
seem only justice" if the whole method
of payment of interest should be re-
organized so as to approximately dis-
tribute the profits back to the deposi-
tors. He said the postal savings
banks were established for the prime
purpose of enlarging the area of na-
tional savings. He asserted the stimu-
lation to saving was not interest re-
turn but merely the inducement of
safety.

"The real question at issue," he
said, "appears to me to be not only
justice to depositors, but also whether
the aggregate of national savings
can be increased by offering a larger
return on postal savings deposits,
whether more savings can be pulled
out of stockings, waste, and luxuries
and 'wild cats.' Every dollar so saved
is a contribution to national welfare."

Should Double Interest Rate.
While Mr. Hoover said he had no
doubt of the validity of the principle
that the government, through the pos-
tal savings banks, should not compete
with mutual and other savings banks,
he said the first thing that should be
done is to pay interest at the rate
of one-half per cent quarterly on av-
erage deposits.

"This," he added, "is only a matter
of justice and is the application of
the law at the rate of two per cent
per annum, not one per cent, as at
present."

Mr. Hoover said he preferred es-
tablishment of some institution
modeled after the Farm Loan bank
rather than have mortgages on new
construction exempted from the in-
come tax. He said he thought the
people would be willing to submit to
government direction in reconstruc-
tion problems "if it took the form of
a campaign of education." With re-
cuperation abroad, he said, he expected
a slackening of exports and con-
sequently relieving of domestic condi-
tions. He said this would not solve the
immediate situation but would help

REJECT LEAGUE PROPOSAL.
Paris, Sept. 22. — The recurrence
of fighting between the Poles and
Lithuanians, despite the pacific at-
titude of the representatives of both
nations before the council of the
League of Nations here Monday, is
explained from the Polish side in a
dispatch from Warsaw today.

The message says that the Lith-
uanians rejected the League's proposi-
tion and Poland was obliged to end
the armistice.

HOPE TO SECURE ELECTION OF ENOUGH
SOCIALIST CANDIDATES TO GAIN
CONTROL OF LEGISLATURE

New York, Sept. 21. — The Social-
ist delegation ousted from the New
York assembly will make a tour of the
state with the hope of winning elec-
tion for enough Socialist candidates
to take control out of the hands of
the present bi-partisan reactionary
clique," Morris Hillquit, party leader,
declared this afternoon.

The board of canvassers of New
York county, meeting today, found a
difference of only a few votes in the
eighth and seventeenth assembly dis-
tricts, where Louis Waldman and
August Claessens won by wide mar-
gins. The county clerk was directed
to issue certificates of election to them
immediately.

Interest attached to the proceed-
ings because of the question raised by
some legal authorities as to whether
the Socialists were actually members
of the house when expelled because
they had taken oath of office with-
out certificates.

Mr. Hillquit made his announce-
ment before going into conference at
his office with the five Socialist as-
semblymen, who, on their arrival here
today from Albany, were acclaimed
by hundreds of party members at the
Grand Central station.

This campaign will be augmented
by a drive for the election of Socialist
candidates for all states and many
national offices, Mr. Hillquit said in
a formal statement.

Referring to Speaker Sweet of the
Assembly, Mr. Hillquit said:
"If we are to judge from the ex-
pressions of sentiment received dur-
ing the past two days, the enthu-
siastic reception accorded the ousted
assemblymen, the offers of help by
non-Socialists, who expressed their
intention to vote the Socialist ticket,
can be said that Sweet did more for
furthering the cause of Socialism
than the Socialist party could have
accomplished under normal condi-
tions by years of work."

He added: "Our campaign will not
be based predominantly on the refusal
to seat the Socialist assemblymen
but on the real issues involved in the
refusal."

TRUSTED SOLONS TO TOUR STATE

Hope to Secure Election of Enough
Socialist Candidates to Gain
Control of Legislature

New York, Sept. 21. — The Social-
ist delegation ousted from the New
York assembly will make a tour of the
state with the hope of winning elec-
tion for enough Socialist candidates
to take control out of the hands of
the present bi-partisan reactionary
clique," Morris Hillquit, party leader,
declared this afternoon.

The board of canvassers of New
York county, meeting today, found a
difference of only a few votes in the
eighth and seventeenth assembly dis-
tricts, where Louis Waldman and
August Claessens won by wide mar-
gins. The county clerk was directed
to issue certificates of election to them
immediately.

Interest attached to the proceed-
ings because of the question raised by
some legal authorities as to whether
the Socialists were actually members
of the house when expelled because
they had taken oath of office with-
out certificates.

Mr. Hillquit made his announce-
ment before going into conference at
his office with the five Socialist as-
semblymen, who, on their arrival here
today from Albany, were acclaimed
by hundreds of party members at the
Grand Central station.

This campaign will be augmented
by a drive for the election of Socialist
candidates for all states and many
national offices, Mr. Hillquit said in
a formal statement.

Referring to Speaker Sweet of the
Assembly, Mr. Hillquit said:
"If we are to judge from the ex-
pressions of sentiment received dur-
ing the past two days, the enthu-
siastic reception accorded the ousted
assemblymen, the offers of help by
non-Socialists, who expressed their
intention to vote the Socialist ticket,
can be said that Sweet did more for
furthering the cause of Socialism
than the Socialist party could have
accomplished under normal condi-
tions by years of work."

He added: "Our campaign will not
be based predominantly on the refusal
to seat the Socialist assemblymen
but on the real issues involved in the
refusal."

Asked what significance he attached
to the assembly's action in ousting
only three of the five Socialist assem-
blymen, Mr. Hillquit declared it "a
clumsy attempt at compromise which
has only made matters worse."

Mr. Hillquit said no attempt would
be made to take advantage of the fact
that no certificates of election had
been issued when the assembly ousted
the three Socialists.

Executive Committee's Attitude.
The state executive committee of
the Socialist party, in a statement to-
night, said that "Assemblymen Orr
and DeWitt very properly" withdrew
after the ousting of the other three,
and that the members of the commit-
tee "endorse their sentiment." The
committee includes Julius Gerber, Ja-
cob Hillquit, and Teresa Maikell, of
New York; Marie MacDonald, of the
Bronx; David P. Berenberg, Kings;
Arthur M. Allen, of Troy; Frederick
Sanders, of Utica; Herman Kobbie and
Frederick Arland, of Albany.

The assembly's action in seating two
and ousting three, the statement said,
"was a deliberate attempt to make the
best of a desperate situation."

"The two who were seated stand for
precisely the same principles as the
three who were expelled," it continu-
ed. "What the three ousted Social-
ists did the other two also did. A
more absurd situation, a more incon-
sistent one, cannot be found in par-
liamentary history. Assemblymen Orr
and DeWitt promptly and very properly
withdrew. They did so because
they felt, and we endorse their senti-
ments, that if Waldman, Claessens
and Solomon were made to suffer for
their principles, they did not wish to
escape."

The statement declared "it is the
entire Socialist party and its funda-
mental principles which are at stake."

Brand Legislature a "Traitor."
Chicago, Sept. 22.—Otto Branstetter,
executive secretary of the Social-
ist party, issued a statement today,
characterizing the New York legisla-
ture who expelled three of the five So-
cialist members as "the worst enemies
of representative government and of
order and peaceable processes of ad-
justing grievances through political
action."

"The parties responsible for the re-
cent Wall Street explosion with its ter-
rible loss of innocent lives should be
hanged," Mr. Branstetter said, "but if
they should be hanged for the destruc-
tion of lives and property, what pun-
ishment should be meted out to these
New York legislators, who, by their
acts, are attempting to undermine the
very foundation of the government,
and whose course if persisted in will
make certain a long series of such
outrages as the Wall Street explosion
and eventually civil war?"

"On this issue the Socialist party is

BENTON WAS ASKED TO "THROW" GAME

Tells Grand Jury Investigating
Baseball Gambling He Was Of-
fered Some "Easy Money"

Chicago, Sept. 22.—Jacob (Babe)
Benton, pitcher of the New York Na-
tionals, today told newspapermen
previous to testifying before the grand
jury, now investigating charges of
gambling in baseball, that Hal Chase,
former member of the New York Na-
tionals, made approximately \$40,000
by playing "wire bets" on world's
series games.

Benton was the chief witness heard
at today's session, having come here
from New York in response to a sub-
poena issued several days ago. After
emerging from the jury chambers, he
told newspaper men that the substan-
ce of his testimony given to the
jury was as follows:

That Hal Chase had cleared ap-
proximately \$40,000 by betting on
world's series games.

That he (Benton) had been offered
some "easy money" by Chase and
Herzog if he would "throw" a cer-
tain game between the Cubs and the
Giants, and

That Henry (Heinie) Zimmermann,
former member of the Giants, had
called Benton "a poor fish" and that
"four hundred bucks were waiting"
for him, had he thrown the game.

Herzog vehemently denied the
charges of the New York pitcher.
To newspapermen, Benton declared
that he "did not know of any cases
of out and out crookedness," but
said "I do know that just before the
final game between the Giants and
the Cubs, Herzog, Chase and myself
held a conference where I was asked
if I wanted to make some easy money.
I was then informed that I was to
'throw' the game to Chicago."

Benton said that he joked with the
men and then went out and won the
game.

Benton's testimony before the grand
jury was short, and he was tempo-
rarily excused from the stand but was
told that he probably would be called
again.

DEMOCRATIC 'EVILS' UNDER SENATE EYE

Investigating Committee Hears
Federal Employees Got Free
Trips to Frisco Convention

Washington, Sept. 22. — Charges
that Governor Cox, Democratic presi-
dential nominee, urged draft exemp-
tion for one of the two sons of E. C.
Scripps, head of a chain of newspa-
pers, and that government employees
went to San Francisco at public ex-
pense at the time of the Democratic
national convention there, were in-
quired into today by the senate com-
mittee investigating campaign ex-
penditures.

Robert H. Scripps, one of the two
brothers mentioned in the draft ex-
emption charges, told the committee
that beyond recently published re-
ports he knew nothing of any interest
shown by Governor Cox in behalf
of himself or brother during operation
of the draft. He acknowledged that
the Newspaper Enterprise association,
which he said was an "allied organi-
zation" of the United Press News ser-
vice, in which he asserted his father
owned the majority stock, had sent
out Cox propaganda sheets along with
its news matter to 70 newspapers. The
interest shown by himself as editor of
21 Scripps newspapers, and by his
family, in bringing about Governor
Cox's election, he said, was "purely
public interest."

The inquiry into alleged travel at
government expense of federal em-
ployees to San Francisco, will be pur-
sued by the committee on the basis
of information received today, the com-
mittee calling for records from the
departments of justice and agricul-
ture to show what employees had gone
to the Pacific coast city about the time
of the Democratic convention and had
their expenses paid by the govern-
ment. Several vouchers showing
such trips were examined in detail at
today's session, and Chairman Ken-
yon indicated that all departments
of the government might be called upon
for information of this character.

"Do you know of any trips by offi-
cials of other departments, the navy,
for instance?" the chairman asked
Don G. Fees, an employee of the de-
partment of justice, who had pre-
sented vouchers for Frank K. Nebeker
and R. P. Stewart, assistant attorneys
general; E. J. Hoover, assistant to the
attorney general, and George M. Mont-
rose, an examiner of titles, whose ex-
pense account showed he had trav-
elled "with the attorney general."

"Were there any official meetings
held on bailifields?" Senator Kenyon
continued, and the witness answered
he did not know.

Fees was directed to supply by Sat-
urday morning a list of all employees
of the department of justice who had
turned in vouchers covering trips to
San Francisco during the convention
period, and also any vouchers submit-
ted to Attorney General Palmer him-
self.

IRISH QUESTION IS NOT FOR U. S.

Would Be Classed as "Internal and
Domestic" Under League Cov-
enant, Harding Says

SEES MANY VISITORS
Nominee Has "Calm Judgment" on
National Policies, Otto Kahn
Asserts After Talk With Him

Marion, Sept. 22. — Setting forth
his views on the Irish Problem for
the first time since his nomination,
Senator Harding declared in a public
statement today that it was "not a
question for official America," and
would be classed as "internal and do-
mestic" under the League of Nations
covenant.

He did not state specifically what
his policy would be if elected presi-
dent, but he suggested that this na-
tion already had "meddled abroad
excessively," and that official action
by the Washington government
would be quite a different thing from
an expression of sympathy such as
the senate adopted more than a year
ago.

The statement, issued in response
to numerous inquiries as to his po-
sition, follows in full:

Senator Harding's "Platform."
"There are two phases of the so-
called Irish question in America. In-
dividual sentiment is one thing and it
is recognized that there is a wide-
spread sympathy here for the cause
of Irish autonomy. We voted an ex-
pression of that sympathy in the sen-
ate at the time the peace delegates
were conferring in Paris.

"Official consideration is quite an-
other thing. It is not a question for
official America. America has al-
ready meddled abroad excessively
without invitation.

"I have said, as I truly believe,
that under the provisions of the
League of Nations, the Irish question
is internal or domestic, and I recall
distinctly that at the hearings before
the senate foreign relations commit-
tee the American advocates of Irish
independence bitterly opposed the
league as proposed because it not only
closed the door to Ireland, but com-
mitted us to the use of force to main-
tain territorial integrity as it exists
today."

Senator Harding's statement was is-
sued in the course of one of his busi-
ness days, during which he held a series
of conferences on financial and other
issues and made a front porch speech,
asking for the cooperation of busi-
ness executives and social reformers
to promote social welfare.

Harding Has "Calm Judgment."
Among his callers were Otto H.
Kahn, New York financier; Represen-
tative James W. Good of Iowa, chair-
man of the house appropriation com-
mittee; Representative C. Bascom
Stemp of Virginia, and James M. Beck
of New York, a former assistant at-
torney general and a student of in-
ternational affairs.

After his talk with the nominee,
Mr. Kahn issued a statement declar-
ing he was greatly pleased at the
senator's "calm judgment" on na-
tional policies, and adding that "any-
one who thinks in Senator Harding
he will find a stand-patter, a man in
sympathy with reactionary views, will
make a great mistake in voting for
him."

Results of Yesterday's Games

ONLY HALF A GAME

Cleveland and Chicago in Close Race for American League Pennant, Ending But Half Game Apart

New York, Sept. 23. — Only a half game separates the Cleveland Americans and their Chicago rivals after the White Sox victory today in the first game of their important series. It was the first defeat in eight games for the Indians, and also Chicago's seventh consecutive victory.

By winning tomorrow, Chicago would go into first place with a percentage of .625, as compared with .5275 for Cleveland. The New York Yankees, who are two and one-half games behind Cleveland, start a four-game series here tomorrow with Washington, to be followed with three games at Philadelphia.

In the National League, Brooklyn and New York rested today for their two-game series starting in Brooklyn Saturday. The two borough rivals also will play three games at the Polo grounds next week. Brooklyn has a lead of five games and can clinch the pennant by defeating New York twice. The Cincinnati world's champions, eliminated from the race yesterday, lost their fourth straight game today.

PHILS BREAK LOSING STREAK.

Take Both Games of Double Header From Boston—Stengel Features. Philadelphia, Sept. 23.—Philadelphia broke its losing streak of seven straight by winning two games from Boston today, 7 to 6 and 6 to 1. Stengel

had a home run in each game, his drive over the right field wall tying the score in the eighth inning of the first game. In the second game, his drive, which bounced into the left field bleachers, scored Fletcher ahead of him for the first two local runs.

CLEVELAND BREAKS DOWN

Unable to Withstand Chicago's Attack in First Game of Vital Series.

Cleveland, Sept. 23. — The Cleveland team today met Chicago in the first of a series of three games that is expected to decide the American league championship, and broke down under the terrific attack of "the White Sox," losing, 10 to 3. Chicago outplayed the Indians, outbidding them, 15 to 3, making but one error to three for Cleveland, and stealing three bases while Cleveland stole none. As a result, Cleveland now leads Chicago by but half a game.

For three innings, Cleveland looked as if it were going to battle Chicago to a finish. It was then leading, 1 to 0, having scored a run in the first inning as the result of an error by Rubeck. In the fourth inning, the Cleveland machine began to crack. Catcher O'Neill was guilty of an error of judgment that allowed Chicago to score once and tie the count.

One of the largest week-day crowds in the history of Lee park witnessed the contest. Every available space in the park was taken with the exception of rightfield, where Manager Speaker protested against permitting the fans to gather. However, only three balls were caught by the rightfielders. The presence of the crowds in leftfield started the downfall of the Indians, as Jackson received credit

for a two base hit in starting the sixth inning that would have been an easy out for Leftselder Evans had the public not been allowed to take possession of that part of the field. Score:

R H E Chicago . . . 0 0 0 1 0 3 1 5 0 1 10 15 1 Cleveland . . . 1 0 0 0 0 0 0 2 0 3 3 5 3 Batteries—Kerr and Schalk; Bagby, Caldwell, Uhle and O'Neill.

LOOK FOR REDUCTION IN PRICES OF STEEL

Marked Slowing-Down of Operations Seen Expected in Trade—Review of Day on 'Change

New York, Sept. 23. — Rails and industrialists pursued widely divergent courses in today's very active stock market, the former, especially low-priced issues, scoring additional gains, while the latter became more unsettled as signs of "business readjustment" multiplied.

That this readjustment is taking the form of pronounced price revision was clearly indicated by the news that two prominent western mail order houses had cut prices from ten to 20 per cent, while the manufacturer of a well-known automobile announced a deduction of 17 to 21 per cent for his product.

Accompanying these developments, were rumors to the effect that the coming weeks are likely to witness a marked slowing down of operations in the steel trade, with probable reduction of prices for fabricated materials.

Bankers and other financial interests regarded the latest industrial activities as a logical sequence of a protracted strain on the country's credit and expressed their approval of any reaction towards pre-war conditions.

The more severe losses of the season were again sustained, oils, steels, equipments, shippings and some of the food shares, where gross declines extended from one to six points, with partial rallies on short covering at the close.

Prominent among the stronger rails were New Haven, St. Paul, Chicago and Alton, St. Louis and Southwest, Texas and Pacific, Missouri Pacific preferred, and Kansas City Southern. Standard or dividend paying rails were under pressure at intervals and unclassified specialties lost ground.

Greater stability and more diversified dealings were shown by the bond market, with Liberty issues one of the outstanding features of strength. Domestic rails kept pace with the demand for low-grade stocks, especially convertible issues, but foreign variations showed little change. Old U. S. bonds were unchanged on call.

WORSE THAN FOOT BINDING

Declaring the now obsolete Chinese custom of foot binding was not as bad as the American custom of wearing corsets, Mrs. Ma Soo, who is in Philadelphia, while her husband is attending the Kuo Min Tong (which means "People's party") convention in that city as chairman, started residents of that said city. Mrs. Ma, who wears an American wrist watch, discussed American and Chinese clothes with gusto. She said the short skirts are immodest, and much prefers the Chinese trousers for girls. Her daughter, Elee (Elizabeth), is wearing the trousers. Mr. and Mrs. Ma Soo live in New York city.

THREE DRUNKS IN COURT

Escape by Paying Fines—Intoxicated Driver Is Fined \$25 by Judge.

Three men were brought before Judge Huntington in city court yesterday morning on a charge of public intoxication, having been picked up the day previous by police officers who found them celebrating fair week in a suspiciously happy manner—Horse Vino as usual. Although John Olmstead, a local laborer, apparently never will be able to keep away from the flowing bowl as long as there is any, the judge did not send him to jail as John feared, but fined him \$10, which he paid. The man was ordered paroled in the custody of Sheriff VanZandt, however, and he must report at stated intervals. His six months' jail sentence at Albany penitentiary will meanwhile be suspended.

The other two drunks hailed from Delaware county, and said they had come to town to take in the fair and find out if there was any "licker," which there was. Result: Fine of \$10 for Fred Graunus of Delhi, and 30 days in the county jail at Cooperstown, suspended; Seymour Shaver of Arena, 17 years old, fine of \$5 and suspended jail sentence.

Earlier in the week, Thomas A. Crane of 12 Miller street was brought before Judge Huntington on a charge of driving his automobile while in an intoxicated condition, hence endangering all traffic on the road. He pleaded guilty and the judge ordered him to pay a fine of \$25 and warned him that if brought before him again on a similar charge, he would have his license revoked.

A rather "unusual" or "distinctively individual" drunk appeared in police court the other day in the person of Alexander Craig, who, instead of admitting his offense, entered a plea of not guilty. He was speedily convicted, however, and left the room minus a \$5 greenback.

Two Drunks Fined. Two drunks were before City Judge Huntington yesterday and their names will satisfy all that they were not fair visitors. John Olmstead was fined \$10 and given a county jail sentence of 30 days. The jail sentence was suspended and Olmstead was paroled in the custody of Sheriff VanZandt for whom he has been working at Hartwick. He left the major part of \$70 he had earned in the city.

Fred Grannis could not resist the cup that inebriates and he too paid a fine of \$10 and was given a 30-day suspended jail sentence.

DRAFT EVADER DECLARES NEITHER HIMSELF NOR MRS. GALE HAVE BEEN ARRESTED

The Star is in receipt of a letter signed by Linn A. E. Gale, formerly of Norwich, Oneonta and Albany, who left the country to evade the draft law, finding refuge in Mexico, the letter being dated at Mexico City, Sept. 15, in which he states that he has been advised that certain incorrect statements have recently appeared in these columns, some having been copied from "lies" originally published in the New York Times and in the interest of journalistic accuracy requests that corrections be made. The letterhead is very properly in red and the signature in red also.

He states that he has not been arrested, that he has not been deported, that he has no expectation of being arrested or deported and that the same things are true relative of Mrs. Gale and of all other members of the Communist party of Mexico.

He further states that the office of Gale's magazine, which is also the office of the Communist party of Mexico and of the Mexican I. W. W., was raided at the latest, he alleges, of an ex-spy of the American government who secured a position as agent of the Mexican attorney general, but avers that the proceedings were ordered stopped by President Adolfo de la Huerta himself, who announced, Gale alleges, that "in free Mexico nobody would be prosecuted for being a Bolshevik or for being a political exile from another country."

Gale also states that his magazine has not been suspended nor has it been deprived of second class rates by the Mexican government and that it still circulates freely in Mexico, the United States and other English speaking countries. In closing he adds that when he "returns to the United States it will be when Soviets rule the country. Time and not till then."

"My Lady Friends"

Now light comedy and again modulated force recounting the trials and tribulations of a free handed but slender witted rich man who gathers together four young women to scatter the wealth his wife would save. Finally he is liberated and she sees the error of her ways. Unevenly and unevenly entertaining. Here and there freshly mounted and enlivened by happy turns of wit, humor, trait and incident, quite as often common stuff for the least exacting spectator. Painsstaking but monotonously Harry Clarke acts the embarrassed spender. The other players, except Miss Terry, are more dutiful than diverting. She makes much out of little. Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

GAINED THREE POUNDS
IN ONE WEEK WITH
WOMAN-HOOD TONIC

Says Binghamton Woman Who Felt So Much Better After Taking First Bottle, That She Wants Her Friends to Know of this Remedy.

"I gained three pounds a week after taking my first bottle of Woman-Hood Tonic," says Mrs. L. Houghton of 1854 Birch street, Binghamton, N. Y., which was a remarkable gain in weight for me. I now sleep better and feel much better in every way. I can heartily endorse Woman-Hood Tonic as the best tonic for women that I have ever taken.

Mrs. Houghton's condition was caused by the common female complaint. She was very weak at times, suffered from spells, had no appetite, was constipated and suffered from a general nervous debility. Today her appearance speaks for itself in indication of a wonderful improvement. She cannot say too much of the good that Woman-Hood Tonic has brought her.

Important League Meeting Takes Place Tonight at Elk Creek.

Schenevus, Sept. 22.—An important meeting of the Schenevus branch of the Dairymen's league will be held Friday at 8 p. m. at the Elk Creek grange hall. It is very necessary that every milk producer attend this meeting. Noah Fredenberg of Worcester will speak.

Smith-Graham. Mrs. Della Goldie Graham of this place and Jerome Oscar Smith of Cooperstown were married at the Baptist parsonage Tuesday evening by the Rev. Nathaniel R. F. Agles.

Annual Baptist Picnic. The annual picnic of the Baptist Sunday school will be held on the church lawn Saturday. Dinner will be served at noon.

Funeral of Mrs. Ellis. The funeral of Mrs. William Ellis was held from the home of her daughter, Mrs. Charles Bellew, Tuesday afternoon at 2 o'clock. The services were conducted by Rev. Frederick J. Welch, pastor of the Methodist Episcopal church. There were a large number of beautiful floral offerings. The following relatives from out of town were in attendance: Mr. and Mrs. George W. Ellis, Mrs. A. D. Cook and Mr. and Mrs. J. W. Brown, of Oneonta; Mr. and Mrs. Morris Northrup, Miss Hilda Northrup, Louis and Reed Northrup, of Ogdensburg; Mrs. Lizzie Goddard of Springfield, Mass.; J. M. Ellis of Ogdensburg; Willard Bellew of Delanson, and Miss Irene Ellis of Bainbridge. Interment was made in the family plot in the Schenevus cemetery.

To Receive School Taxes. Jackson VanWine will receive the

taxes of school district No. 4 at his home, September 28 and 29, October 5, 6, 7, 12, 13, 14, 19, 24 and 25, between the hours of 1 and 4 p. m.

Miss Clark to Katonah. Miss Mildred Clark has gone to Katonah, where she has a position as teacher in a school near that town.

MILFORD "FAIR" NEWS. Herbert Cooper Takes Charge of Barney Herd of Arjshires.

Milford, Sept. 22.—Ellery Barney, who has been attending the various fairs in the south, in charge of the Barney herd of thoroughbred Arjshires and sheep, has returned to his home here for a few days before going to Ithaca to resume his studies at Cornell university. Herbert Cooper of this village left the first of the week for Allentown, Pa., to take charge of the cattle for the remainder of the fair season.

Moves Here From Oneonta. Mrs. Thompson of Oneonta has rented the Woodcock house on Division street and has already moved her household goods here.

School Closed for Fair. The Milford High school closed today to allow the students and faculty to attend the Oneonta fair.

Two Farm Sales. L. C. Rohde, who purchased the W. W. Sargent farm, about three miles from this village, a year ago, is disposing of his interest in the place and stock and will return within a few weeks to his former home in Wisconsin. John Sargent of Oneonta has purchased the farm and will take possession about the 1st of October.

Ford Kills has purchased of Niels Kjeedsen the farm known as the Palmer farm, about three miles from this village, on the west side of the Cherry Valley creek. The farm contains about 115 acres of good fertile land. Possession given about October 1st. Mr. Kjeedsen recently sold his farm to Clifton Price.

A CONTINUING JOY.

The large attendance every day of
the fair in Oneonta this year has been
sufficient evidence, if in fact any is
needed, that the local fair is a contin-
uing joy. Other functions through the
year, even the big circus, attract but
limited portions of the surrounding
population, and they bring to the city
practically none of those former resi-
dents who live in towns remote and
who not often than once a year re-
visit old scenes. Such assemblages
are ephemeral; they live but a day and
there is no time in that brief period
of hurry and bustle for intimate com-
munion with friends.

But the fair—this renewal of old as-
sociations and this greeting of old
friends—are among its chief pleasures.
To be sure there are the exhibits,
which never were better, and the roof
garden, which in no other year has
offered more and finer attractions.
And there are the races, which still,
as in days when horses were common
and motor cars a rarity, give their
momentary thrill of excitement, as
neck-and-neck or nose to nose the
speedy trotters pass under the wire.
All these add to the pleasure of the
day or days, but when the gates have
closed and the visitors have gone
home, the thing which through the
months to come will be recounted will
not be these, but rather the friend-
ship of 40 years ago—perhaps the sweet-
heart of that early day, or the old
neighbor on the next hill farm, or our
earlier associates in the community,
or—if it is a woman talking—her lit-
tle companion on the way to school,
the sweet confidant of her early wo-
manhood, the friends and neighbors
of another decade, were at the fair.

So, important as are all the other
things, it is the human element which
gives chief value and it is this
which more than everything else is
the lure of the fair. The balloons may
go up; they vanish in memory as they
did in the sky. The housewife in the
Arts building may spread her attrac-
tive pies and cakes and bread within
the cases with the last taste of them
they are forgotten. But the men and
women—the thought of them remains
to sweeten the recollection of the
years.

There need be no fear, therefore,
that the fair will go into desuetude.
So long as men are men, and women
women, and so long as thoughts are
more than material things, the mind
of humanity will run backward and
forward through the year, making the
annual get-together week what in the
beginning of this article it has been
designated—a continuing joy.

FORD SETS GOOD EXAMPLE.

Announcement of Price Reduction
Creates Sensation in Motor World.

Henry Ford may be depended upon
to do the sensational thing and nothing
in the motor world of recent
date has caused a greater sensation
than the price reduction recently an-
nounced and given in a half page an-
nouncement in The Star of yesterday.
Despite the fact that there has been
no lowering of prices on material or
labor, the Ford company announces
that "it is time that a real practical
effort was made to bring the business
of the country and the life of the
country down to the regular pre-war
standards and quotations."

It is a time, he might have added,
when business men and those who
do not wish to see our social system
wrecked and chaos prevail should be
content with moderate profits and
when everybody should be doing busi-
ness on strict lines with reasonable
profits and value given for every dol-
lar expended.

It is a favorable sign that one large
manufacturer of the country sees the
country's needs and is willing to meet
them so far as his own business is
concerned. It is to be hoped that it
is a true sign of a downward trend
in prices of all commodities. The up-
ward movement certainly cannot but
work harm if it continues.

Why It Pays to Advertise.

Here's a new angle on the old ques-
tion of the support of the home mer-
chants as against the mail order
house. The American Press says
that the mail-order houses concentrate
their efforts on localities where
local merchants do not advertise. Local
papers are carefully and constantly
scrutinized, and where advertising
is weak or lacking, a streak of ad-
vertisement is made on that point with no order
catalogues and literature, and the
local advertiser is active in the mail-
order houses and it doesn't pay to com-
pete with the home merchant.

Home Economics Meeting.

come and requested to bring ac-
cessories and needed accessories. The
coming for dinner are requested to
bring a covered dish.

LUTHERAN SYNOD CLOSES

Two Young Men Ordained — Ordina-
tion Sermon Delivered by Rev. Her-
bert Finch — Next Convention to
Be Held in Jersey City.

At the three sessions of the Luth-
eran synod yesterday there was a
large attendance at all of the meet-
ings. The morning session, which was
a service of devotion, was conducted
by the Rev. A. E. Deutz, D. D., chap-
lain. He spoke mostly of the boys'
work in the church, touching on the
opportunities which were given in or-
ganizations such as the Boy Scouts.
He also stated that the boys' work
would be followed out by the plans
submitted by the United Lutheran
church. It was decided that the next
convention would be held in Jersey
City at the Church of Our Savior,
Rev. J. H. Myer, pastor. The time of
the convention was left undecided, but
will be considered by the executives
in the near future. The report of rais-
ing appointment was given by the
presidents of the conferences as fol-
lows.

Southern conference — Rev. E. J.
Flanders.
Midson conference — Rev. W. E.
Traver.
Hartwick conference — Rev. E. J.
Baum.
Western conference — Rev. E. L.
Keller, Ph. D.
German conference — Rev. E. von
Hahmann, Ph. D.

Afternoon Session.

In the afternoon session the re-
ports of the Committee of State of
the Church, the Committee on Reso-
lution, and the Committee on Mis-
sionary work were given, after which some
business was discussed. Following the
business, the meeting of the minister-
ium was held. It was voted that two
young men should be ordained in the
evening service.

Evening Service.

The evening service was one of or-
dination. The ordination sermon was
delivered by the Rev. Herbert Finch,
pastor of St. Paul's Lutheran church
of Johnstown, and secretary of the
Lutheran synod. He used as his
theme, "The Obedience of Faith," and
in a most interesting and impressive
manner he showed that the acknowl-
edgment of the Messiahship of Jesus
involved the three things of Allegi-
ance, Authority and Obedience. Fol-
lowing the sermon, two young men
were ordained to the synod. They
were: John Henry Munnich of New
York, who was confirmed in the Em-
manuel church of New York. Mr.
Munnich had three years in the
Gettysburg academy, one year in the
Pennsylvania college, one in Hartwick
seminary and one year in Hamma
Divinity school. He is to be the pastor
of Christ church at Almon, post
office address at Monsey, N. Y. The
other young man was Peter Fanning
of Seward. He was confirmed in the
Bethany church at Central Bridge.
Mr. Fanning has been at Hartwick
seminary for eight years and for one
year and two summers at Wittenburg
college. He is to be the pastor of the
Holy Communion church at Uten.
Last evening's service was the close
of the synod. It is reported that it has
been a very successful conference.

FRANKLIN CARS REDUCED.

Jones Bros. of Norwich Have Inter-
esting Announcement in This Issue.

Following the trend of the times,
the Franklin Motor Car company has
announced a substantial reduction in
the price of motor cars Jones Bros.
of Norwich, who have this territory,
with H. C. Wright the sub-agent in
eastern Otsego county, including One-
onta, have an advertisement in this
issue in which they announce the
reduced prices as effective at once.
The cut in prices ranges from \$500
to \$800 per car, and is a substantial
concession to the sentiment demand-
ing a lowering of prices. The attention
of Star readers is called to the an-
nouncement of the Franklin agency
appearing in this issue.

To Motor to California.

Mr. and Mrs. O. C. Potter, recently
of Norwich, are visiting friends here
and at Oneonta. They leave in a few
days on a motor trip to California,
intending to locate in that state and
reside with Mrs. Potter's parents, Mr.
and Mrs. George M. Harbott, for-
merly of Oneonta, but now residents
of South Pasadena. They will halt at
Galesburg, Ill., and at Denver, Col.,
for visits with friends on the trip.

Follow the example of other pro-
gressive housekeepers and use Juan-
ita brand margarine. You will agree
with them that it could not be more
delicious and appetizing. All good
grocers carry it.

PREPARE TO FIGHT

Otsego County Dairymen's League
Officials Endorse Pooling
Plan

REFUSE NESTLE PLAN

Hundred Representative Dairymen
Adopt Strong Resolutions at Meet-
ing Here Yesterday — Meetings of
Local Branches Saturday or Mon-
day Nights — Contracts Expire on
October 1.

Whereas, the leading milk dealers
purchasing milk from the Dairymen's
league for the purpose of making
manufactured milk products have given
notice that on and after October
1st, they will not purchase milk at
any price, and

Whereas, various plans have been
announced by the dealers for manu-
facturing milk into butter and cheese
on farmers' account, and

Whereas, we believe the whole
procedure is a subtle attempt to
shoulder on to the farmers certain
losses which are likely to accrue to
the manufacturers of condensed milk
and to destroy the league at the same
time,

Therefore, Be it resolved, that we
the officers and members of the Otsego
County Dairymen's league, ex-
press our approval of the plan of
pooling all receipts for milk and milk
products of league members, that we
hereby pledge ourselves to the work
of signing the necessary agreements,
and that we will recommend to the
members of our various localities that
they sign these agreements before
October 1, 1920.

The above resolution was unani-
mously adopted at a meeting of the
officers and representatives of the local
branches of the Otsego County league
held at Municipal hall in this city yester-
day, which was attended by about
100 representatives of the 28 local
branches in the county, representing
about 2,500 milk producers with cows
aggregating 49,000.

J. D. Beardslee of Plattsburgh, president
of the Otsego County league and
league director for Otsego county,
presided at the meeting and made the
principal address outlining the situa-
tion as it has developed with the milk
dealers refusing to buy more milk
and giving his ideas of the wisdom of
the plans proposed of meeting the con-
ditions. Others present and speaking
briefly on the subject were N. E. Tre-
lenburg of Worcester, one of the league
organizers, Fred S. Easlow, manager
of the Improvement association and
Secretary VanSick of the Otsego
County Farm Bureau, which later
organization is co-operating heartily
in the fight which has come to the
Dairymen's league and which prom-
ises to be a life and death struggle
for it.

The representatives present at the
meeting yesterday were filled with the
project of pooling the milk and will
at once call meetings of their local
branches, which will be held, it is ex-
pected, either Saturday or Monday
night next. At these meetings of the
28 local branches, the project will be
fully explained and each branch will
be asked to approve the project and
each milk producer will be asked to
sign the agreement to pool the milk.

At the meeting here yesterday not
an objection was raised to pooling
milk and the remark made by one
member that he would rather turn
his milk into the creek than to turn
it over to the Nestle company to
manufacture and sell under the plan
that company has proposed seemed
to meet with the approval of all.

It is the plan to secure the signa-
tures of all members to a co-opera-
tive contract agreeing to pool the
milk at these meetings to be held
Saturday and Monday nights. Com-
mittees will also be appointed to cir-
culate among those not present and
secure their signatures before the end
of the present month, as the milk will
have to be cared for after October 1
unless the manufacturers and dealers
earlier accept the prices adopted by
the league. The time is short and ev-
ery member of the league is urged

"ALL ABOARD," SAYS JOLSON

Here they are, Al Jolson, the blackfaced comedian, holding up
Sianche Ring and Ruby De Remer, the well known Broadway musical
and movie stars, on their pilgrimage to Marion, Ohio, where they joined
the Republican standard bearer's campaign.
"All aboard," called the Pullman porter.
"For the Republican band wagon," added Jolson.

by the officials to give the project
earnest and hearty support.

It should be borne in mind by
the officers and canvassers of the
local branches that all members should
sign the new contracts now which
contain authorization to the purchas-
ers of the milk to turn over to the
league the proceeds. This should be
signed regardless of whether the con-
tracts circulated last summer were
signed or not. The officers are also
to report at once to the main office
of the league what receipts each local
branch has to care for milk produced
in its territory.

It is urged that the more the pro-
ducers come to understand the pool-
ing plan the more heartily it will be

supported. Liquid milk has been
bringing a higher price than when
manufactured into butter and cheese.
The new plan will accord to all mem-
bers the same return for milk whether
it be sold as liquid milk or manu-
factured, due consideration being given
in the adjustment to butter fats
and the freight differential. The milk
from each local branch will be sold
for what can be gotten for it and the
proceeds blended into one price grade.
A milk producer will of course be
given a figure commensurate with the
cost of production.

LOCAL MENTION.

—The best place to see the Floral parade is from the grand stand, which is the most desirable place to rest and see the attractions and the red-hot races.

—The Normal trolley made its appearance on the street last evening with a fine new coat of much-needed paint, giving it a prosperous looking appearance, which patrons of the line will appreciate.

—The Public Market will be open again on Saturday with the hours from 9 a. m. to 1 p. m. There was a moderate business done yesterday but the fair no doubt interfered with it materially.

—The Republicans of the city have secured headquarters for the campaign in the front rooms over Goldthwaite's Corner Bookstore and Harding and Coolidge pictures may now be seen in the windows. The location is central and will be convenient for all.

—Oneonta is becoming more metropolitan in character each day. Yesterday for the first time traffic officers were using whistles to signal the movement of motor traffic. Considering the volume of cars moving along Main street, they were handled quickly and without delays of any duration. The officers are doing admirably with the crowds.

—Joseph Hartwell of East Worcester, a fair visitor yesterday, was overcome by the heat in the press of the crowd at the grounds, and was removed to the Fox Memorial hospital, where he was attended by Dr. Marx. He expects to be able to return home today, although the fact that he suffered a stroke of apoplexy a few years since makes his condition more unfavorable.

AVIATOR BENNETT HERE.

Making Flights from the Field at the Plains Carrying Passengers.

Aviator Joseph Bennett arrived at the field at Oneonta Plains adjacent to the home of Leon Potter yesterday afternoon and made five flights carrying passengers during the afternoon and was seen several times over the city. Late in the afternoon he had a blowout and with no extra tires or tubes with him, he was compelled to return to Sidney after the needed extras. He announced before leaving that he would return today if the weather is pleasant and carry passengers and be at the field again on Sunday, the weather remaining adapted to aerial flights. Those enjoying flights yesterday so far as learned last evening were Stuart Keenan, Ursel Eldred and Ralph Lord.

Fourty-Two Thousand Visitors on Grounds Thursday Afternoon

THREE BIG RACES

Extra Music and Numerous Special Attractions—Fair Closes Today

It was the conservative opinion of Superintendent of Grounds Wilber that the attendance at the Oneonta fair yesterday was the largest of any day since the exhibition was extended to five days. It was the opinion of many in attendance that there was no need for the saving clause. In their opinion, and they were men who had been many years at the fair, the attendance was larger than on any previous day, and this without exception. Figures of attendance of course vary, but few placed it below 20,000, and men experienced in crowds made it about 25,000. As for automobiles, never was there such a multitude of them. The entire ground seemed from the roof garden to be covered, and in fact it was no easy matter to go from one section to another, so closely were they parked together.

A notable thing about the attendance yesterday was that it was not a single pleasant day out of three, as is often the case. Instead, every day has been in a double sense a fair day, and each has drawn a large crowd. If today follows in the line of its predecessors, the fair will have made another new record—that of aggregate attendance.

Floral Parade Pleases All.

The big event of Thursday was, of course, the Floral parade, and before the announced hour yesterday afternoon the grand stand seats were filled to capacity, with many spectators standing. As has always been the case since the first floral parade in Oneonta, the line was led by S. B. Gardner, the general superintendent, and following came the Company G band, and the numerous attractive and artistic entries. The judge of the parade, as last year, was Mrs. C. H. Toombs of Schenectady, who for the past seven years has been judge of Domestic art at the State fair at Syracuse. Her work was well-considered and thoughtful, and her decisions won general approval.

In the class of lady horseback riders, Julia Hungerford, won first money; and second went to Mrs. Margaret Miller in a close contest. Elbert Elliott was first in gentlemen horseback riders, Maurice Hotelling second and Gerald Terpenning third. The single team contest was won by Helen Sargent, with I. M. Elliott second, and in double teams, Mrs. Emma Sargent and W. Platt were first and second respectively. With automobiles, Mrs. Glenn Price stood first and Miss Travilla Trinko second.

Two farmers' coats were entered in the parade. One by Paul Haines was an artistic creation, designed to symbolize the dairy industry, and the other by W. A. Shafer was heaped high with an abundance of vegetables of great variety and excellent quality. Both attracted much attention, the prizes going in the order given above.

The one school float—that of the Oneonta High school—represented the Mayflower, and the boys and girls aboard the ship were in fetching and historically accurate Puritan costumes, while behind followed a group of ladies in khaki bearing the school flag. The Fire department float, entered by the call firemen, was a well-conceived bit of work, and had added interest in that the decorations were entirely of natural flowers. The one business float, an entry by Mrs. Glenn Price, would have deserved first, even in a large field.

The bicycle prizes were awarded as follows: Girl under 16—Frances M. Gibbs, boy under 15, Frederick Loeke; 1st, Bruce VanBuren 2nd, Howard P. Gibbs 3rd, gentleman, Leon Wild.

Three Interesting Races.

With characteristic liberality the management of the fair gave the public more than had been planned for Thursday in the way of races. The original announcement was for two races for purses of \$500 each, but when one of the two developed no less than 12 entries, making a dangerous field on a half-mile track, the society promptly offered to make two races out of the one, each to have six entries, and the purse in each to be \$300. The announcement, which was made from the judges' stand, gave general satisfaction and was received with hearty applause.

In the first division of the 2:10, pace and 2:15 trot, four heats were necessary for a decision, and in the second division a fifth was required before Horton's speedy and lasting, "Alabama" was declared winner. In the first division U. O. Webb's Emma Hal, making only fifth place in the first heat, forged ahead afterwards, and, not without difficulty, was winner of all three heats and the race. In the second division, Alabama, in similar fashion, was sixth in the first heat, fourth in the second and winner in the third heat. In this race one of the starters was D. O. Webb's "Mabel Brooks," a mare which has shown much speed earlier in the season, but for the last few weeks had not been in good condition, being, however, entered by Mr. Webb in order that his friends might note her performance.

Under more favorable physical conditions "Mabel" would doubtless have made a record for herself.

Only three heats were required in

A DELIGHTFUL TREAT

Concert by Endicott-Johnson Band at Elks' Club Largely Attended — Through Blocks Main Street For Some Distance Near Building.

The Endicott-Johnson Workers Band and Chorus, numbering about 30 people and with the wives of members accompanying them fully 100, visited Oneonta yesterday, paying a friendly visit to the city in which their shoes are sold by Shear & Sterling. The visitors gave a concert at the fair grounds at 3 p. m., on a platform especially constructed for them. Reference to that concert is included in the fair story appearing elsewhere in this issue.

Last evening they gave a concert in front of the Elks' club to an audience that numbered easily 6,000 people with the street so congested that many motorists could not approach within a block of the building. Anticipating a throng, the police had been directed to rope off the section of Main between Chestnut and Market streets, but motorists in goodly number soon found that they could approach nearer the club via Grove street and not a few were able to enter the restricted area.

All the streets in the vicinity not barred were crowded with cars and the adjacent lawns were crowded with spectators, many of whom stood throughout the concert, which was keenly enjoyed. Owing to the pressure on our columns today, only brief reference can be made to the music. It was pronounced the finest open-air concert ever given by a musical organization visiting the city, and all agreed that it would have done credit to Sousa' himself. Miss Bakeman, the possessor of a fine soprano voice, which was heard with excellent effect with the band accompanying. She was twice impelled to respond with encore numbers, so enthusiastic and persistent was the applause. The two vocal soloists, Miss Bakeman and members of the Endicott-Johnson chorus were also rendered in a most creditable manner that elicited hearty applause.

Director Harold F. Albert, in whose success as recreation director for the E-J company his many friends here have taken justifiable pride, is to be congratulated upon his success with both the band and chorus and to his ability as director much of the artistic merit of the concert is due.

The party came to Oneonta in motor cars, 20 being required. They were entertained at lunch by the Oneonta Elks and early last evening they were served a complimentary dinner at the Elks' home by that organiza-

UNION SERVICE SUNDAY EVE.

Dr. John H. Wiley to Speak in Interest of "Lord's Day Alliance."

A union service in the interest of the Lord's Day Alliance will be held in the Methodist church next Sunday evening at 7:30 o'clock. This organization is pledged to maintain the sanctity of the Sabbath. It has rendered during the years untold service in fighting vicious legislation, and in securing the defeat of scores of bills which, if enacted, would have violated our Sunday laws and done great violence to the Christian Sabbath.

A notable speaker has been secured for the meeting, Rev. John H. Wiley, D. D., formerly pastor of the strongest Methodist church in the United States, the Christ church, Pittsburgh, Pa., and quite recently the acting pastor of the First Baptist church of Montclair, N. J., of which Dr. Harry E. Fosdick was previously the pastor. This meeting should be attended by all who are interested in the conservation of the Sabbath.

Daylight Saving Ends Oct. 31.

The people of Otego county, who are much concerned with the date of when the law will permit them to quit saving daylight, are reminded that they have six weeks "to go." Many inquiries about the date for the change are made daily. The daylight saving period is scheduled to come to an end on the last Sunday in October, which is the 31st of the month. It began on the last Sunday in March, when all clocks were turned ahead one hour.

At the close of the concert H. W. Fluhrer, speaking for the Elks and the thousands gathered, thanked the E-J company and Mr. Albert for affording our citizens such a musical treat and, after expressing a hope that the city may again be favored, called for three cheers for the company, the band and chorus and Mr. Albert. The cheers were given with a will, and their return will be keenly anticipated. There were present at the concert last evening numerous members of Oneonta lodge of Elks from the surrounding villages, Cooperstown and Unadilla being especially well represented.

"BETTY, BE GOOD."

Broadway Musical Hit at Oneonta Theatre Next Tuesday Evening.

Stewart and Morrison's "Betty, Be Good," one of Broadway's biggest musical hits at the Casino theatre, New York, will be the attraction at the Oneonta theatre on Tuesday, Sept. 28, enroute to Boston, with fascinating Rena Parker, Eddie Garrie, and the same beautiful chorus, brilliant Manhattan cast, and gorgeous production direct from the Casino. Harry B. Smith, author of "Robin Hood," and "The Serenade," wrote the book and lyrics, while Hugo Rosenfeld, musical director of the Radio and Rivoli theatres, New York, has written music that abounds in melody. It is a beautiful melody that carries you on its wings, lifts you towards it. It is a musical fascination that is inspiring, inspiring, abounding in thrills and inspiration. There are repetitions that will haunt you, then slyly turn you with a running thrill that dances for a moment before your ears, while hardly conscious of the pause in the rhythmic melody. There are moments of dance music, beautiful entrances, songs, all pleasant, happy interest. Then you will listen to a delightful aria, swinging to a depth of melody that will challenge your memories of the best light music. Mr. Rosenfeld's music possesses something new, something really deeply inspiring of orchestration.

Boy Lost and Quickly Found.

Another child, this one the five-year-old son of Mr. and Mrs. Burdett Young of West Oneonta, was found on the fair grounds yesterday afternoon, and though he could only tell that his name was Wheeler, the town of the announcer quickly carried the tidings to all parts of the grounds. It was only a few minutes before the anxious mother, who had missed the boy and had begun search, arrived at the roof garden and reclaimed the lad.

The old home, they were accompanied by John F. Hinds, also of New York. They are stopping at The Oneonta.

Rev. Daniel Duroe of St. Luke's church, Pittsburg, Pa., whom the death of a sister called last week to New Lisbon, was in Oneonta yesterday, on his way home. Mr. Duroe will be very pleasantly recalled not only by associates of his earlier years in the Butternut valley, but by the older parishioners of St. James' church of this city, of which he was formerly pastor. He left Oneonta 31 years ago, going directly to the Pittsburg church, of which he is still the rector.

Registration at Normal.

The total registration to date at the Oneonta State Normal school, after two weeks have elapsed of the fall term, is 310, as against 289 for the entire year in 1919-20. These figures are very satisfactory, and with further additions it is expected that a total of at least 350 will be attained.

Dr. Ibbotson to Speak.

Joseph D. Ibbotson, of the department of Hebrew at Hamilton college, will occupy the pulpit of the First Presbyterian church on Sunday morning in the absence of Dr. Russell. It is hoped that there will be a large congregation present to hear him.

DIDN'T CARE WHAT HAPPENED

"I became a physical wreck from stomach trouble and was a fit subject only for the operating table or graveyard. Being discouraged I gave way to drink, which made things worse. I got so I didn't care what happened, and wanted to die. My wife, wonderful remedy has cured me of everything. Am now in fine condition and feel 25 years younger. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and cures the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will relieve or money refunded. Miller-Strong Drug Company, and druggists everywhere."

A Box of Good Cheer

The presence of flowers in the home brightens things wonderfully. For decorative use, for gift purposes, as a bouquet—in any form, they hold a place in our general esteem that can be taken by nothing else. For cut and uncult flowers, potted plants, etc., our stock offers a wide range for selection.

The 2:15 Trot

Silqua (Brink) 1:11 1
 Robert Ormonde (Murray) 2:12 2
 Robert A. (Crandall) 2:13 3
 Hayworth (Russell) 2:14 4
 Bob the Great (Wilcox) 2:15 5

Time—2:15 1/2, 2:16 1/2, 2:17 1/2, 2:18 1/2, 2:19 1/2, 2:20 1/2.
 Silqua in the last race won in straight heats from a good field of trotters. He has won for his owner, Percy Brink of Stone Lodge this state, 17 first monies, 11 second and 1 third. He has raced in seven different states and though small has shown he can race a giant to the ground. As a three-year-old, though only 14 hands high and weighs but 655 pounds, he made a fine record. He will probably start back in the 2:15 class in the fall tomorrow, and later will be shipped to Binghamton, where he will race next week, going the week after to Danbury and Windsor, Conn., where he will start again fast fields. Last November, he won a great race at Woonsocket, Conn., winning for his young owner and driver, who is only 20 years old, \$2,000 on a ten to one shot. An offer of \$2,500 was made for him yesterday and promptly declined. Robert Ormonde, second in this race, will also start again today.

The sire of Silqua is Silqua, a 2:08 1/2 horse holding the European record for trotting, and who sold for \$25,000.

Endicott-Johnson Band and Chorus.

A notable feature of the fair yesterday was the Endicott-Johnson band and chorus, in all 50 members, which gave a concert in the afternoon on a specially-erected stand east of the Liberal Arts building. The concert was in charge of Harold Albert, and many friends of other days in Oneonta were there.

glad to welcome him to his old home and to listen to the band and chorus, one of the largest in the country, and one of the best, of which he is conductor.

Th band numbers, largely popular in character, included among others, "Fiddlers Three," "Buddies," selections from the comic opera of "Mary," "Russian Rag"—a medley, and such well-remembered airs as "Swanee River" and "Miami Shore." The chorus numbers were "Hawatha's Melody of Love," and "Let the Rest of the World Go By." The solo numbers by Miss Nina Bakeman were "Not in a Thousand Years," and an encore "Dear Old Pal of Mine." Her art, as also that of the band and chorus, was notable and the close attention received despite numerous nearby distractions, and the hearty applause which was given were evidence of the quality of her work.

The Program for Today.

Today is the last day of the fair and will in many respects afford the best opportunity to see the fair so that none need hesitate to attend. The Floral Parade will include all the prize winning horses and cattle, which is an interesting sight. The Horse Show will be held this morning at 9 o'clock in front of the grand stand and it is interesting to watch the horses in action. All of the special attractions are to be seen and the races bid fair to be among the best of the meet. The fast race will see Belthardine pitted against other fast animals and there should be a good field in the 2:15 trot.

The Chemango Camp Trailer.

One of the most interesting exhibits on the fair grounds is the Chemango Camp Trailer, which is manufactured at Norwich and in which Mr. Jones of the Franklin company is interested. Its makers claim that it is "the simplest, most compact and best equipped camping outfit on the market," and most, if not all, of the motorists who have examined it agree with them. It weighs but 654 pounds complete and costs \$475 f. o. b. Norwich. It is equipped with two full sized beds, refrigerator, vapor stove with flue, lockers for clothes and food, room for chairs, electric lights and other accessories and has screened windows and doors, water proof covering and is ready to move in about one minute without disturbing in any way the interior. All motorists thinking of a trip and of the delights of camping at attractive spots along the route should inspect the trailer.

Among the Exhibitors.

C. C. Miller has one of the best exhibits on the grounds and it is receiving merited attention. It appeals especially to the farmer for he is showing the Duro water system, the Perfection milker, an electric farm power equipment, while the Crystal washers, the Ohio cleaner and the Brien heaters appeal to both city and town residents as well as those in the country.

A. H. Murdock, the widely known dealer in agricultural implements, at his booth is featuring the Empire milking machine and International implements of various sorts, including manure spreaders, gas engines, etc. His display attracts many visitors. The Lane Electric shop has a fine showing of the latest electrical devices for the home in the Liberal Arts building and it appeals with force to the housewives and others. The varied

heaters, roasters, etc., are boots to those doing their own housework.

V. B. Cross of Kyserike, a representative of the Park & Pollard company, is at the fair assisting Charles Gardner in introducing the varied products of that concern.

Fred N. VanWick has a booth where he is being shown several Columbia Grapholas, which are receiving selections for the entertainment of those in the building.

The Fiske studio has a complete display of cameras and film, and also is soliciting development work for amateur photographers with Mr. Fiske himself in charge.

The Endicott-Johnson company of Johnson City has a booth wherein are displayed a line of shoes, from that plant.

Baker Bros. have a showing of the "New Idea," or Ultra pipeless heater for houses and business places with a trained attendant in charge ready to explain the merits of the system.

A. F. Germond is representing the Perfection toilet system for sanitary toilets in private homes and is making a display well calculated to interest visitors.

There are other exhibitors, including L. & A. Babcock of Norwich and milking machines and individual milking systems, too numerous to mention.

Raspberry Bushes.

All fond of the sweet raspberries should secure some of our choice plants. One kind that bears three crops each year, the Royal King berry and sweet. Low prices for bushes and fruit. Sample at Star office. W. H. Doonan, Cortright, N. Y.

Fashion shop—Special sale of serge dresses at \$12.50. Silk dresses at \$15.75. Children's gingham dresses at \$1.98. New coats and suits arriving every day. Eva Munson, 175 Main street.

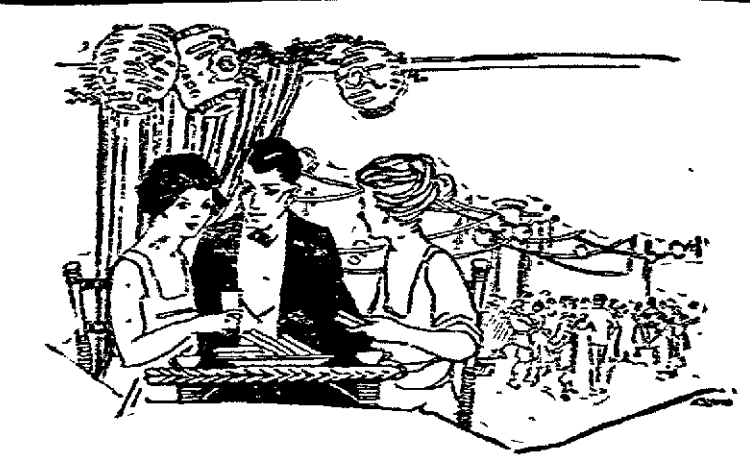

The Joyce Stores, Unadilla, have increased their business this year 30%. We have \$5,000 worth of rugs in stock. Special prices on parlor suits. 12-e-o-d.

Wanted—Experienced meat cutter to commence work Oct. 1. Phone 594-W.

Sunday Supper Guests, Hungry as Hunters--- Give them HOT Sandwiches

There's something satisfying about a hot supper you don't get with any cold repast.

When an unexpected group of hungry people bears down upon you, don't get flustered. Let the hostess just slip out to the kitchen and slice a loaf of bread for toasting, then open a can of sardines!

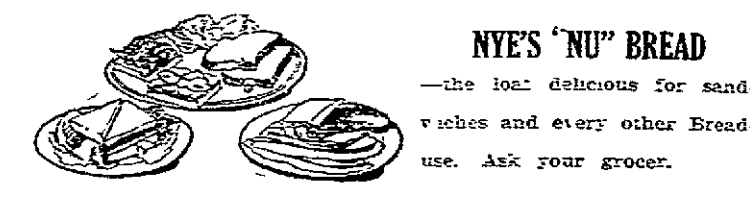

In fifteen minutes you can have ready a tray-full of Florentine Seminoles Sandwiches—hot sandwiches—nutritious enough to do a day's work on—original enough to build you a reputation as a clever hostess—every bite tasting like "Come Again!"

Florentine Seminoles Sandwiches

Here is the recipe originated and tested by Miss Farmer's famous school of Cookery:

Arrange boned sardines on a slice of buttered toast; cover with thin slices of tomatoes and sprinkle with salt and pepper. Cover with another slice of toast, sprinkle generously with soft grated cheese seasoned with salt and cayenne and put in oven long enough to melt the cheese. Serve at once on two lettuce leaves.

As the foundation of every perfect sandwich is perfect bread, to get the fullest enjoyment from these, they should be made from
